Within such great proximity to the beautiful Lower Bay beach, these cottages are in an excellent location, especially since they are situated just off the main road, giving a sense of privacy.

The properties are also close to several bars and restaurants, and from Kingsville, Port Elizabeth harbour is a short drive away.

Lower Bay is also excellent for snorkeling, and there are regular water taxis that can transfer you from A to B across the island quickly and easily.

Facilities

Each cottage has living, kitchen and dining area, and ceiling fans already in place. These are great, open plan spaces with plenty of light and big windows. Each one also has veranda space, and the bedrooms are air conditioned. There are hot water systems in each unit.
